Things Change

1986-The cost of making a local call was a dime. Making a call was cheap!

2002-The cost of making a local call went up to 35 cents. It's still easy to make a call, but coming up with the odd change isn't!

1986-The flags are flying high.

2002-The flags are still flying high, but the GA flag has changed.

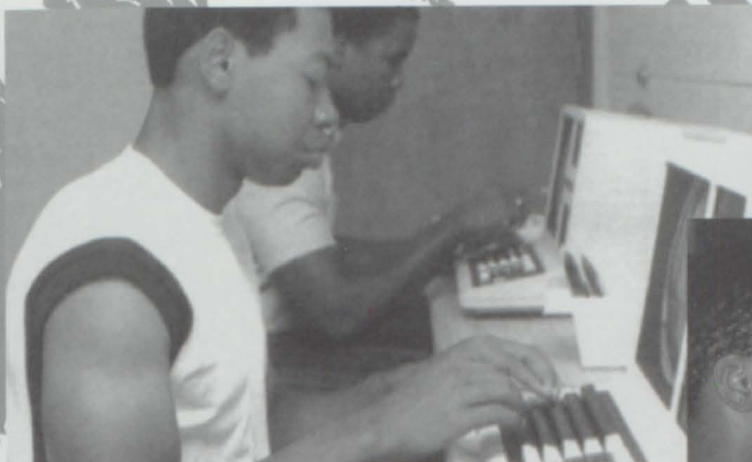

1986-Buses were the main way that students got to school.

2002-Even though buses have changed, it's still an important way for students to get to school.

Over Time

1986-These guys are just stepping into the information age.

2002-These guys "think" they know all about computers.

1986-Big mudboggin' trucks were popular.

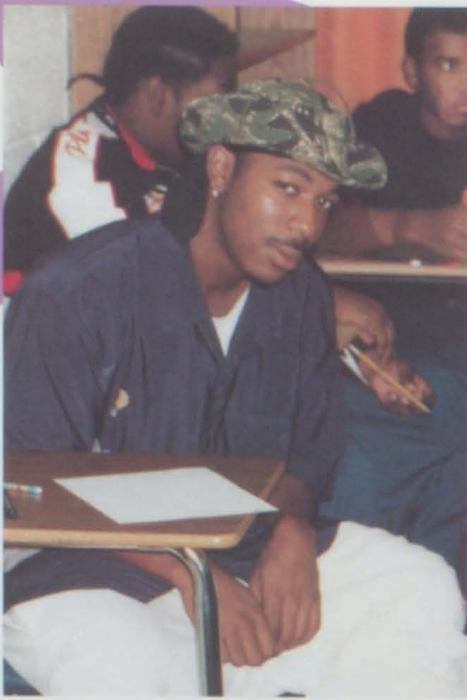

2002-Truck models have changed, and their drivers have, too.

1986-The first year of Drill Team. The uniforms were masterpieces for their time.

2002-The uniforms have changed, but the spirit remains the same.

Homecoming 2002

It may not seem like it, but four years is a long time. We have spent a large amount of our young lives here at CCHS learning about all that is around us. For some of us it went by too fast, and for others, not fast enough. It is true that our high school days are ending but our lives are really just beginning. It's kind of weird to think that we will be starting a whole new way of life soon; actually, it's kind of scary. Many of us have been together since 1991, way back in our kindergarten days. Even if we go our separate ways, off to new, bigger and better places, we will never forget all the memories and faces. Some of us have our future plans mapped out and others do not. Today's dreams are tomorrow's future so now is our time to shine and soar with the rest of the eagles. We now have a sense of accomplishment and satisfaction. Nobody knows where the road may lead us, but we do know that our high school years have aided us in starting our journey there. So now it is time to leave high school behind and start our own lives as young adults because there is no doubt that it is time for a change.

This class of 2004 has grown up a lot during our year as juniors. We are all a little older and a little wiser. We got our class rings, had a great time at our first prom, took our SATs, and, whether we were ready or not, we took the dreaded graduation test. Many of us took a major step into our adult lives and began applying to colleges. We are no longer the underdogs; this unique class has made it to the top. Our final year as high schoolers is rapidly approaching and we are going to make it count because it's definitely time for a change.

2004

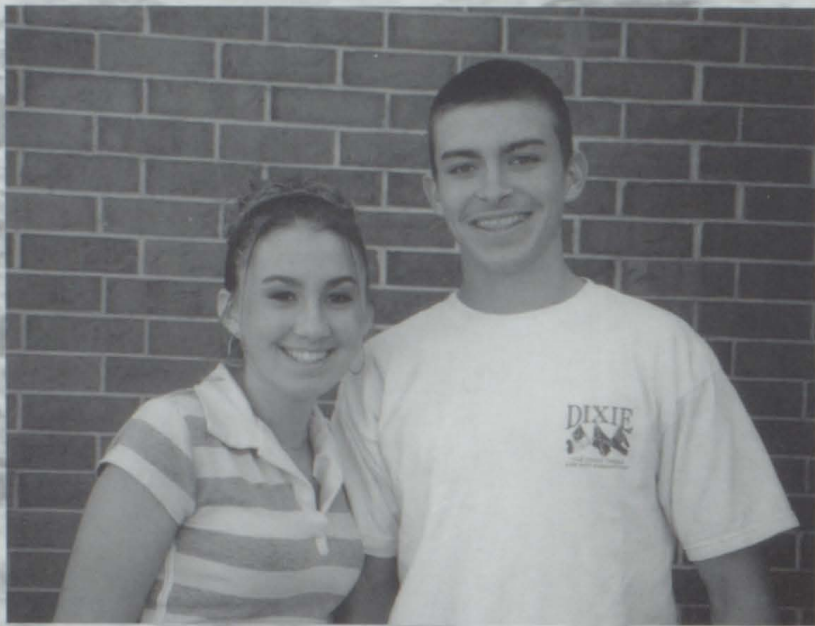

All the hassles of this year were well worth it. We are prepared for our last two years in high school. We are over all the anxiety and shock and pretty much know our way around this place. We have two of the four years under our belts now. No longer are we on the bottom, but we're not exactly on the top. We are half way through, right in the middle, and well on our way. We are open to all the opportunities and it's definitely time for a change.

Class
of
2005

Our high school experience started off differently than any other class here at CCHS. We made history as we entered our first year of high school in the new Freshman Academy. It was an extreme change from middle school. We now have more freedom and even more responsibilities.

Once we got to know our way around, found the new faces more familiar and looked past the pranks and jokes of the upper classmen, we realized that we had made it to the next level. We have accomplished a lot this year and found ourselves maturing faster. We are finished with our first year and are anxiously awaiting the remaining three years of high school.

Star Student & Teacher

Star Student Jeremiah Dunn with the chosen
Star Teacher Jeff Ikner.

Star Student & Teacher

Jeremiah Dunn has been chosen as Crawford County's STAR (Student Teacher Achievement Recognition) student. Jeremiah, the son of Patty Dunn of Roberta, in turn has chosen his science teacher, Jeff Ikner, to share the honor. Jeremiah says that Mr. Ikner continually challenged him and increased his desire to learn. He wants to become a pharmacist and plans to attend the University of Georgia, Mercer University, or West Georgia College. Though he intends to pursue pharmacy school, Dunn says he won't rule out the possibility of teaching because of his admiration for his STAR teacher choice. "I wouldn't mind considering teaching to a specific age group," Dunn said. "It would be challenging to get across to everyone what I was teaching. That is one reason Mr. Ikner was my choice, because he gave us history behind the theory, making more sense out of the subject. Then, of course, adding the hands-on experiments to complete his teaching process made science more fun."

Mr. Ikner was quick to point out how the students are not the only ones learning. "I have learned more as a teacher than I did as a student," Ikner explained. "The fact that I have been chosen by Jeremiah as a STAR teacher makes me feel more confident in what I have taught and whether I am relating to the students and getting the point across to them."

Throughout the years, sports have given students the chance to relieve their stress, become part of a team, and to stay physically fit.

The sports program at CCHS allowed students to become involved, whether they were competing or cheering the team on. The team helped to develop a sense of pride in Crawford that endured throughout the year and into the future.

The fall season was kicked off with football, cheerleading, marching band, cross-country, and softball. These teams motivated students from the very first day

The Brains Behind the Operation

Toni, you were always working so hard trying to beat deadlines. This yearbook would not have been possible without you. Lauren, you and Toni were always at computer B hard at work. You made the room a happy place and knew what to do with Toni's stuff when she didn't come to school. You played a major part in the yearbook! Julia, you were very much into getting the yearbook finished and wanted it to be perfect, and it will be because you were such a big help!

Dynisha, you will be remembered as the picture girl! You picked out some great pictures and made lots of people laugh!

Doug, you were always getting on everyone's nerves especially Toni's, and were always busy cropping. Thanks for all your help!

Kristy, studying and leaving class all the time is what I'll remember about you! Good luck in your E.M.T. class! Ian, any time that we had a problem with one of these stupid computers you were there to fix it. Thank you!

Melanie, our secret member, thanks for being the accountant and the mastermind behind the brilliant Class Intros!

Renisha, always wandering the hall and hanging out with Dynisha, you were always there to help even if you didn't know what you were doing!

Ashley Walker, you were kind of quiet and I didn't see

you very much but when you were in class you were lots of help to the yearbook and with math homework to some people!

Charlene, you were always in the other room and on the phone trying to wake up your honey!

Marlteze, you were very loud and were always making someone laugh! Thanks for a great year and selling so many yearbooks!

Ashley R., Thank you for always being there when I needed you!

You were a big help and put everyone in a good mood everyday!

Lil Ashley, everyone knew when you were in class if they saw

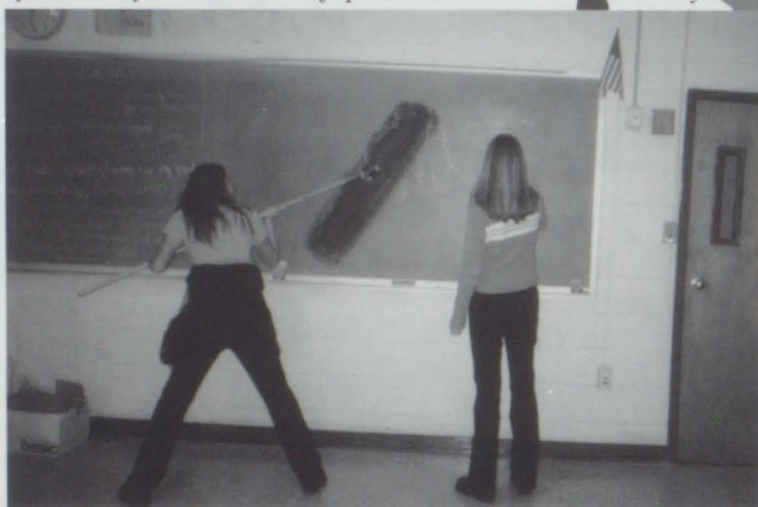

Tommy or if they heard a BURRRRP! You made this class fun!

Theresa, you were the first person to start taking pictures and they really got us going! Thank you!

Mr. Gaston, you really kept all of us motivated and wanting to get this yearbook finished. You have been a wonderful teacher and a great friend to everyone! Thank you

for being there when any of us needed

you.. Thank you all for being who you are and doing what you do! I love all of you! Love, Lanamae

Toni Prather

You are a wonderful gift from God. He gave you to us to raise and bring up. You have made that task so easy for us. We are so proud of you. You are the best daughter anyone could ask for. You are now taking a bigger step in life and we know you will make all the right decisions. This does not mean we are letting you go because we love you and will always be there for you. Don't ever forget that God has a plan for you.

Thanks for being our Angel,

Jessica Abney

My Darling Jessie:

Words cannot express the joy and happiness you've given me over the years. You've grown into this wonderful person that will soon be celebrating a great accomplishment, graduating from high school. It seems like yesterday I was dressing you, but now you dress me. You are truly the light of my life!

I love you always!

Mama

Dixie Lee,

Remember that time when you helped me and Michael bust those windows out in the junkyard and we took the blame for it? That's what brothers and sisters are for. I hope we have more good moments together. I'm sure we will.

Love, Daniel

"Hit 'em in the head with a honeybun."

Jessie,

When I wake up in the morning and I know you are going to be there with me, I know it is going to be a "beautiful day." I'm always here to make you happy and to make your dreams come true...and to tell you the truth, I think I like you! HaHa

Congratulations, baby!

I love you with all my heart,

David

"Dixie Lee"

You're one of the few Abney's to graduate from high school. Now you'll be the first to graduate from college. Pursue your education to the fullest of your ability. I am so very proud of you!

Love always, Daddy

Heather Garrett

Dark hair, Brown eyes
A laugh to bring joy.
Child of my heart
Through the years
I have picked you up
I have wiped your tears
I have cleaned your scrapes
But the hardest thing
for me to do- Is to
Let you soar like the eagle.
Just always remember
Our love is always here for you!
Mom & Dad

Today life moves at
A much faster pace
So many more hurdles
You've had to face

Now you're moving to
A whole new life
Hoping that you won't have
Too much strife

You worked so hard
To get this far
Just had to tell you
HOW PROUD WE ARE!

Families are created out of love
And live within the cup of love's large hands.
No momentary pain can love remove
Or taint the trust of one who understands.
We live at times at odds with those who love us,
Colliding in our anger like great waves,
Refusing to have anyone above us
Nor willing to give up what passion craves.
But anger is a storm we know will pass,
And freedom is the nature of the will.
We run like wild horses through the grass
Yet know we are constrained by hunger still.
Sometimes, obsessed with losses and with gains,
We turn towards home and find that love
remains.

Heather-
First born Grandchild!
Pigeon toed and crosseyed,
We loved you anyway!
Grandma & Grampy Lossiah

Lanamae Cloud Hensley

Lanamae,
We've finally become Seniors and I know that I couldn't have done it without you! Your spirit and your personality has helped me through many hard times and has always given me the faith I needed to never give up. I want to thank you for always being there when I needed a shoulder to cry on or someone to listen. We've told

many secrets, partied hard, and done some pretty crazy things together and I will cherish those memories forever. I wish you the best in your future because I know you can do anything that you set your mind to. Always follow your heart and capture your dreams and remember that I'll always be there for you no matter what. I love you, Monkie!

Love,
Amy

Lanamae,
My precious baby girl. From the 4lb. baby to the young lady you are today, this has been the most wonderful trip. Through all the joys and tears, all the choices you have had to make, and all the pressures of family and friends, you have always done the right thing and come out on top. You have always given 110% and added your own style and it shows. To have a child that has grown up like you is life's greatest reward and God's greatest gift. Always follow your heart and you will go far.

All my love,
Mama

Amy Lynn Smith

Amy,

You have reached the end of a long road and touched your future. You have worked very hard and put in a lot of long hours and effort. We are very proud of you and always will be. You are a caring and loving daughter and niece. We wish you the best in life because you deserve it. May God always be with you.

Your Mom, Dad, Aunt & Uncle, Gail,
Robert, Ann & Joe

Amy,
Hey chick! I can't believe that this is almost over! It's crazy! It seems like just yesterday I moved here and had to make all new friends. I'm so glad that you are one of them. You have always been there whenever I needed you or just wanted to chat. We have so many memories together like mud boggin' in the Wal-Mart parking lot, prom shopping, Whiskey River, and that one time at Rusty's house that I will never forget (or never remember!) You always manage to get me out of trouble and away from my house! We are the best of friends and always will be! I wish you the best in life, with whatever you decide to do (you know what I'm talking about!)

I love you!
Lanamae

Ashley Walker

Ashley,

Where have the years gone, it seems like it was just yesterday you were a chubby faced little girl with laughter in your eyes and a smile on your face.

You were such a sweet mixture of a little girl playing dress up and dolls, then the next minute you were a tomboy playing ball, climbing trees and chasing after your brother. You have turned into a beautiful young woman who still lights up any room with your smile. We are so proud of you as a daughter but even prouder of the person you have become. Reach high for your dreams, baby girl. My only wish is that life gives you as much joy and happiness as you have given us since the day you came into our lives.

Love, Mama & Daddy

Ashley,

We remember the day you were born. You were so beautiful. You are all grown-up now with wonderful dreams for the future.

We are so proud of you and wish you only the best in fulfilling those dreams. We love you very much.

I can't believe the time is already here. Just yesterday, you were my little baby blowing kisses and winking at everyone. Now look at you. You have grown into a sweet, intelligent and beautiful woman.

You have such courage and strength. This will take you far in life. Soon you will be stepping out into a great future. Just remember that your Deddy and Mama will always be here for you.

Love always,

Deddy, Mama, & Janie

Mary Lou Durry

Doo Doo,

Well the day is here-you're all grown-up. I look at you sometimes and wish there was some way to lock you up in a little room somewhere and keep my little girl all to myself-but that wouldn't be fair to the rest of the world-to keep them from knowing the beautiful, wonderful, and special young woman you have become. You have touched all of our lives in a way that I don't think you will ever truly understand. You are a wonderful daughter, granddaughter, and big sister. You make all of us proud to say that you belong to us!! Keep your head on straight and your heart open and good things will come your way. We all love you very much!!

Love- Mama, Tony, Mema, Randall, Jesse, & Johnny

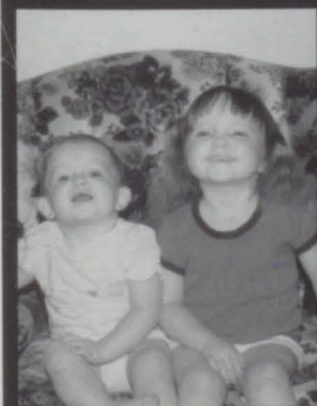

Ashley Rigdon

From the moment you were born you have been a voice to be reckoned with. You've never been afraid to color outside the lines. From your outgoing personality to your soft spot for animals. It seems like only yesterday you were risking your little 4 year old life to save a dead opossum from the highway. You've always put others before yourself. You have always filled our lives with happiness and laughter, not to mention surprises during softball season when you seemed to have a mind of your own. Your father would have been very proud. We wish you the best of luck in everything that you do. We know you can do anything that you put your mind to. Congratulations Ashley!!

Kimberly Lynn Kelley

Kimberly,
What can we say as your parents and sisters? Our emotions and feelings are mixed with excitement for you and a loss for us. We have lost our little girl who started school 12 years ago at the brand new Crawford County Elementary School. We remember how scared you were as your older sister, Audrey, bravely held your hand and walked you to class. It doesn't seem so long ago.

You have given all of us excitement, fear, laughter, and pain as we watched you grow up into the fine young lady you are today. You have left us with wonderful memories of competition in sports, clubs you've joined, community projects, first best friend, Lanamae, first prom, first true love "Joan", first heart break because of beauty pageants, and drill team hours at 2 a.m. It has been fun and we are all so proud of you. Now we look forward to college, a career, marriage, and children, but we will never forget our little girl, Kimber!

Love,
Mom, Dad, Esther, Susie, and Audrey

Kimberly,

I would like to tell you that you were, are, and always will be my best friend. We have been through so much together and have so many memories together. We are always going to be together no matter what! I wish you the best in life and all the happiness in the world! And don't forget about me!! I love you! Lanamae

Tu has transformado mi vida y por siempre te estare agradecida no importa ha donde nos lleve la vida. Estoy mirando a una vida enterna contigo!

Dynisha Letrice Hollingshed

Nisha,

On April 5, 1985 you came and filled our days with so much happiness and laughter. You are very special and you mean the world to us. It's hard to believe that our baby girl has grown up to become a smart, beautiful young lady. Do not let your high school graduation be the end of your successful endeavors. May you go on to be the best of everything. Always carry yourself in a way that you can keep your head high. Words cannot express how much love and pride we have in you. Keep your faith in God and he will lead you in the right direction.

Love, Mommy & Daddy

There are not many words that I can come up with to describe how amazing you are. You are the kind of sister that any person in the world would love to have. My favorite thing about you is that you are a good Christian girl and you've always been here for me. Keep it up through college and beyond, girl.

Love ya, Cam

Julia Robinson

Julia,
You have worked hard to make it this far and we are very proud of you. You are a responsible young adult with a good attitude about your future. Continue to believe in yourself as we do, and succeed with integrity. Above all remember that your family will always be here for you.
Love, Mom & Dad

Julia,
You have always been my role model. You taught me how to do my hair, dress, and to do my make up. You have done many things for me.
Love, Michelle

For Nana's baby: Grandnanny and I fell so deeply in love with our little 3 lb. bundle of joy when you were born. We always knew you would succeed in any path you took. Forever be true to yourself and you will continue to have a successful and happy life. We will always love and stand by you.

Love,
Nana & Grandnanny

This young lady was very special to us from the very first day. A little bundle of joy came into our lives and the little bundle grew and so did the joy. At 18 now, she has her feet firmly on the ground, she will do something special with her life. We loved her from the start and we always will.

Love,
Bigdaddy & Mama Robinson

Julia,
I've really enjoyed watching you succeed these past few years. We've shared some fun times together and I hope it stays like that for the rest of my life. Whatever you wanna do with your future, I'm right here beside you helping you any way I can. Just always remember I love you and wish you the best of luck.
Love, Josh

Amberly Dawn Baldwin

Amberly,

Mama's always take great pride in their children. You have been the sunshine in my life and the fun and laughter in my heart. You are my pride and joy, my beautiful baby girl. Even though I would like to see that "little girl" again, life must go on and one must accept the beautiful young lady you have become. My wishes are that you find in life what your greatest desires are.

For you, my child, can succeed in anything your heart desires.

Love, Mama

Ambo,

I'm very proud of you. It's been a long time coming. It was hard but you made it. Well, now the real world starts. I know you will stay focused and get the work done. Congratulations on your graduation!

I love you very much.

Dad (Diddy)

Amberly

"Knothead" has been around since age 2. We have had sixteen years of laughs, teasing one another and most of all a lot of love. Andy would be very proud of his "little sister" and how beautiful she grew up to be. Just one last note to let you know, no matter how far you go or what you do, I'm just a phone call away if you need me.
Love your "Timmy"

Ammy,

Congratulations, you have finally made it! I hope you achieve all of your goals and get everything you want in life. I've only known you for a little while, but we played together when we were little and didn't even know it. We were brought back together, because we are meant to be best friends.

Love, Jessica

Amberly,

Well you finally made it! It doesn't seem like almost 3 years we've been together. I hope you find happiness in whatever you choose in life.

Remember I will always be there for you and always love you!

I Love you!

Nation Loses Time

It is a common complaint that there is not enough time in a day; however, for the people of Venezuela time is actually slipping away. Clocks in that country are ticking too slowly because a nationwide power shortage is weakening the electric current. Each day, electric clocks lose 150 seconds.

Concerned that Iraq could assemble nuclear weapons, the United Nations required Iraq to disclose and disarm its weapons of mass destruction. While the United Nations conducted weapon inspections in Iraq, the United States prepared to go to war.

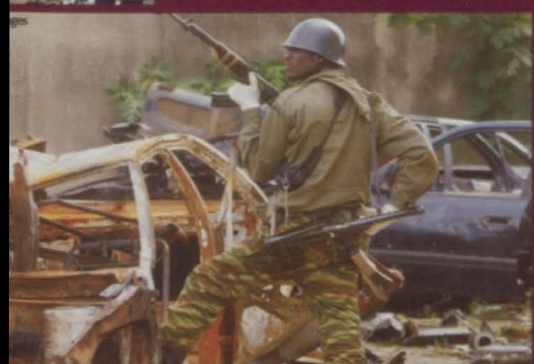

Questions remained about how long the weapon inspections

would take and thousands of people protested the war in more than 220 cities around the country on a weekend in January.

Meanwhile, the U.S. sent almost as many aircraft carriers and troops into the Persian Gulf as were there during the 1991 Persian Gulf War.

A raid on a theater in Moscow proved deadly for more than 100 people after the Russian government pumped gas into the building to end the three-day hostage situation. Memorial services were held around the country on the anniversary of Sept. 11, which President George W. Bush proclaimed Patriot Day. One year after the attacks on the World Trade Center and the Pentagon, the sluggish American economy still felt the effects. News about Afghanistan diminished, but al Qaeda and Osama bin Laden were still in the news. Debate continued about what should be built at the Ground Zero

site, and colleges were asked to turn over personal information about their foreign students and teachers to the FBI.

The country continued to pursue Osama bin Laden and other threats to national security in its War on Terror. Sometimes the war was subtle, and sometimes it was very noticeable. The Immigration and Naturalization Service began to fingerprint and photograph men who entered the

United States from 18 Middle Eastern countries. Bush signed a Homeland Security bill into law that created a new federal department devoted to preventing future attacks and allowed commercial airline pilots to carry guns.

The director of the FBI announced that his organization had thwarted almost 100 terrorist attacks since Sept. 11, 2001. He said some of the attacks were intended for U.S. targets.

The Roman Catholic Church was immersed in a scandal involving forbidden sex and molestation, as well as widespread cover-ups at the hands of some of its most prominent officials. Highly publicized stories of missing children prompted talk of a nationwide Amber Alert system.
